Legend 1980

Vol. 24

Editor's Notes

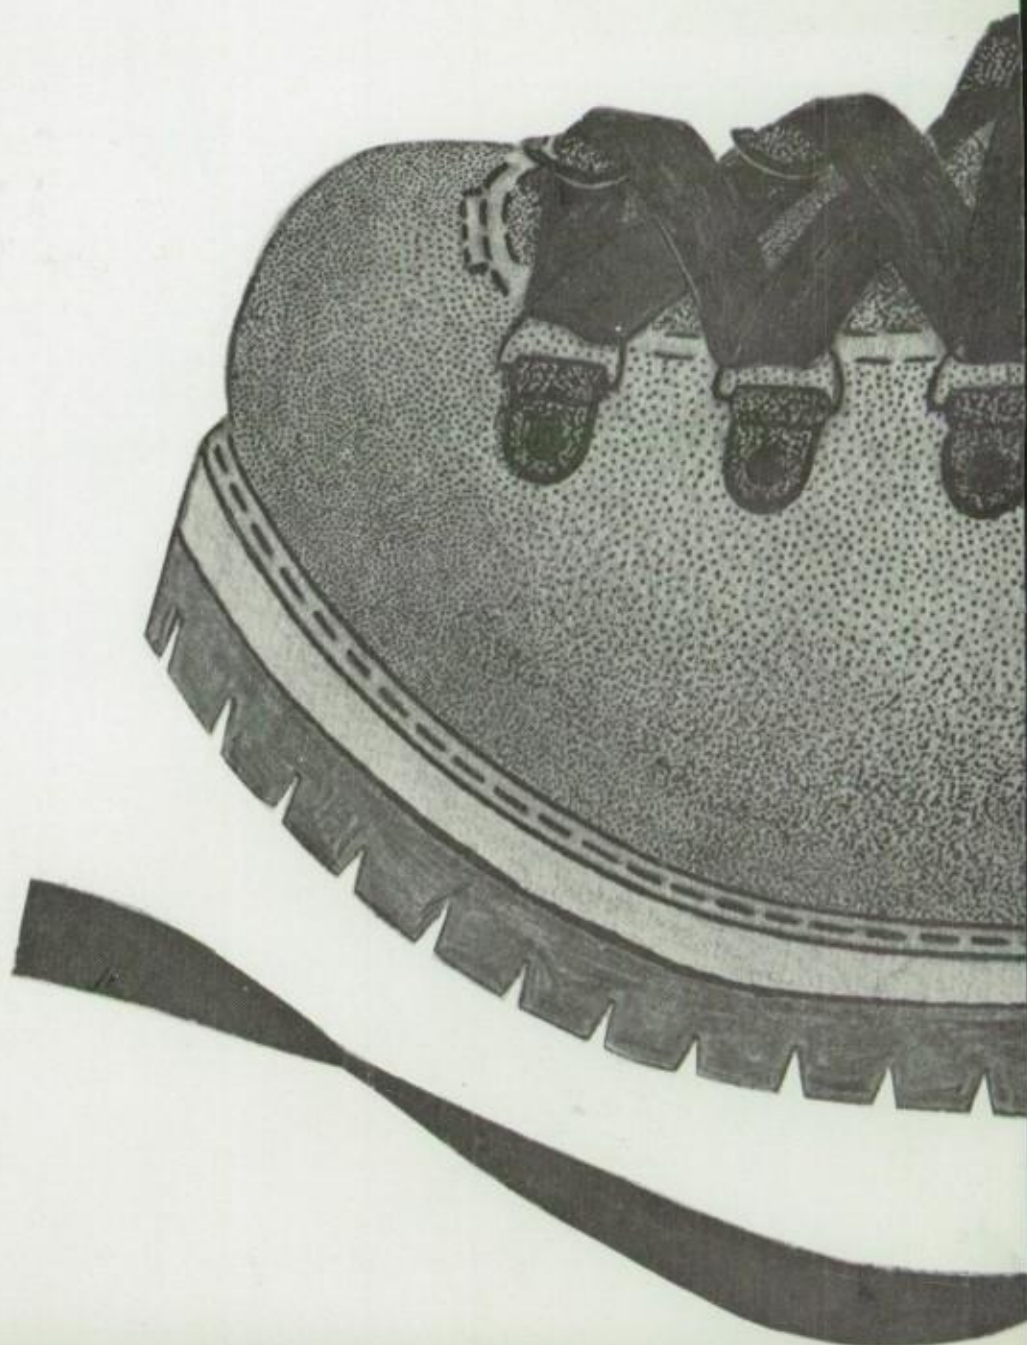

As we walk into the 80's with our shoes of the 70's, the class of 1980 reminisces on the past decade. We chose our theme as a gathering of all the milestones of our high school years. We've tried to capture the fads and styles of the seventies with our cover design and throughout the book, as depicted by our footwear. We've worn and torn these shoes which will bring back the memories of Letchworth, as we once knew it.

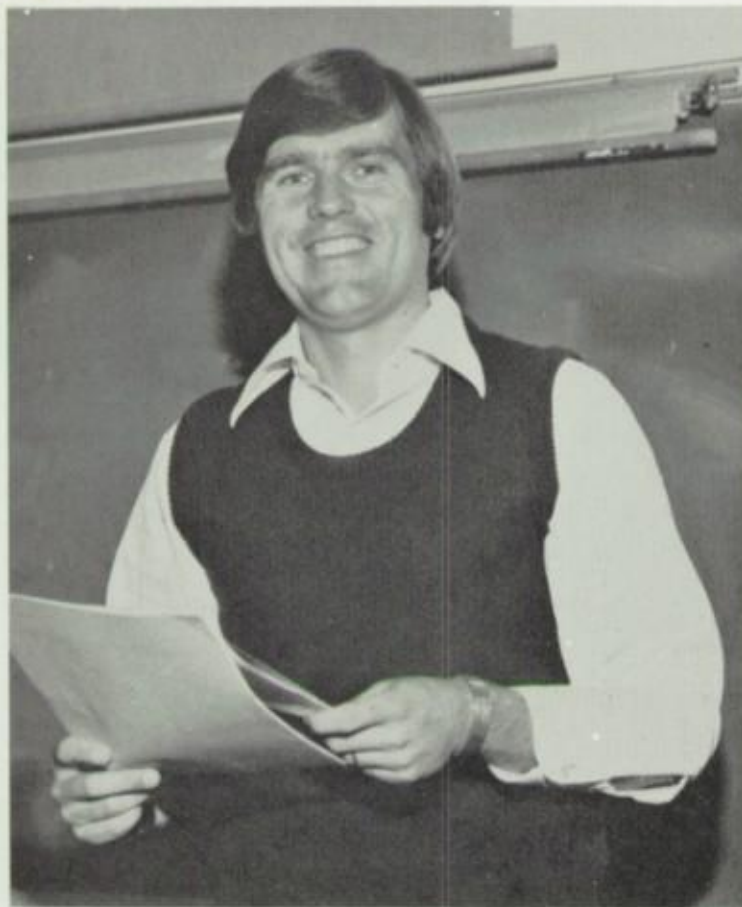

Few people understand the work that our Legend entails. Several weeks of planning, photography, copy, layout and art go into our book and it often goes unnoticed by the student body and faculty. Since I've helped with our yearbook year after year, I've learned to appreciate and respect each decision made about the book and the people who make them.

I appreciate the help of the entire Legend Staff, especially from my assistant editor Johanna Gozelski. We owe a lot to Susan Hall for her help with patrons and her organization of the yearbook material. Mary Gozelski, Buzz Bailey and Pam Regatuso all worked hard also, and their extra hours helped get the Legend completed. Annette Mattingly did a great job as typist. The Advertising Design class did a super job with the artwork, which made the yearbook a very special remembrance of the 70's. A big thanks goes to Scott Vrooman for our fantastic cover. I feel it's one of the best we've had in years. Steve McCullough and his wife Kathy deserve a big thanks for their great photography and help whenever we needed it.

The most deserving thanks goes to Mr. T., my dad, for his neverending contributions to the book. Without him as advisor, the Legend would never be what it is today, one we should certainly all be proud of.

Nina

Dedication

Mr. Jeff Thomas

Because Mr. Thomas exemplifies the role of this year's favorite teacher, we the students look with admiration and respect to a teacher who, above all combines his efforts to the betterment of healthful living. Not only as a teacher of health education in the grades seven through twelve, but beyond, in the service of the community as an outstanding advisor to the Wyoming County Youth Bureau, Youth Against Cancer, our National Honor Society, the coaching of our Varsity Soccer Team, and until recently, his involvement with the up and coming Buffalo Stallions.

The Letchworth High School Student Council and Legend Staff are proud to dedicate the 1980 yearbook to Mr. Jeff Thomas in its planetary path to the 1980's.

Thank you very much is the best we can say. You have helped us along the way.

In Memoriam

Donald F. Lockwood

"Then said a teacher, Speak to us of Teaching. And he said:

"No man can reveal to you aught but that which already lies half asleep in the dawning of your knowledge.

"The teacher who walks in the shadow of the temple, among his followers, gives not of his wisdom but rather of his faith and his lovingness.

"If he is indeed wise he does not bid you enter the house of his wisdom, but rather leads you to the threshold of your own mind."

Seniors, Class of 1980

In Appreciation

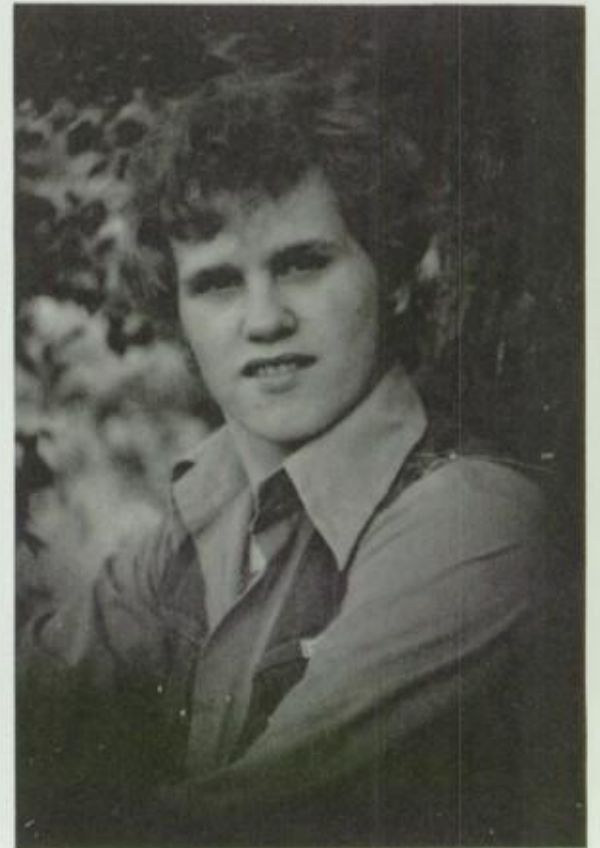

The Senior Class would like to thank Mr. Standera and Mr. Torcello for their guidance the past two years. They've helped us at our fish frys, dances and selling projects which we sincerely appreciate. We'll never forget the great fun with them in school and especially on our trip to Toronto.

Canter for Cancer

Every year, Letchworth takes part in the Canter for Cancer held in Arcade, New York by the American Cancer Society. We send more students than any other school and often more money. The volunteers are supervised by Mr. Thomas and Mrs. Eliaz.

American Field Service

American Field Service or AFS, has really thrived this year at Letchworth. It was our first year to have two foreign students and we've been very happy with both of them. Our advisor was Mrs. Tamrowski, who really worked at putting our ideas into action.

Our earliest project was an AFS workshop, which we hosted. About 45 students from the AFS districts' schools were housed in the nearby communities. They participated in seminars that were given for new ideas about fund-raising and students going abroad.

Letchworth's fund-raising consisted of selling hot dogs, pop and pizza at home football and basketball games. In March we had an International Dinner to which the entire community was invited.

The funds we raise during the year are used to defer the cost of other students who wish to travel as an exchange student in the United States or abroad.

This past summer I had the fortunate experience to live in Spain, a warm, open and beautiful country. I lived in northwest Spain, on the Atlantic Ocean, where the weather is quite a bit warmer than in New York. I was placed with two families, one in July and one in August, both very large. In July I lived in a small resort where my family was vacationing. During the month of August I lived in a city of 500,000 people, which was quite a change from the size of Castile.

Being an AFS exchange students means learning and adapting to a totally different lifestyle. You learn to do different things, speak a new language, try unusual foods, and accept new people. But most of all you discover and understand yourself, as you never have before. It's a great, beautiful experience that I'll never forget. These super recollections will live with me forever whenever I remember the great times of my summer of '79 in Spain!

Left to right: Phil Conus, Monica Ortellado, Nina Tamrowski

My name is Philippe Conus. I come from a little country lost in the Alps, Switzerland, where I live in Lausanne, a big city on Lake Geneva.

Since I have come to America with AFS, I have experienced a sudden change of lifestyle, from the little cafes with music and the big walls of concrete to the rural life with a wonderful landscape.

However, this is not what AFS is all about. It is also a year in which I had time to know a little bit more about myself and see that the world is large, full of different ideas, of other ways of living. I have learned very much through contact with other people. It is as if they have all come with brushes to paint on the canvas of my life.

I will never forget that I have a home in America, on the other side of the globe, filled with loved ones who showed me that people are human beings everywhere.

All this has been possible for me thanks to the Walkley family who accepted me as their son for one year, which has been really fantastic.

I'm Mónica Ortellado and right now I'm living in Silver Springs and attending School at Letchworth as an AFS student.

Being an AFS student is a very exciting experience to me. Through it, I have become a member of the Kupp family with whom I'm sharing all my emotions; happiness and those difficult moments too. AFS is also a great way to make a lot of friends and have a lot of fun.

Paraguay is a small country in South America, nice and warm. not only for the weather, but for its people. You're always welcome to visit it anytime.

I just want to thank all of you because of those little things you've done. You make each day a very special one for me!

Postscript

On the next few pages are the several patrons who support the Legend year after year. Without their help, there wouldn't be a yearbook at Letchworth. We are very grateful to these people.

Thanks also to Mrs. Mezynski for her help with patrons and also to Mr. Price for submitting certain photos in the Legend.

I hope our beautiful liner design was noticed, as we chose it to represent a sunset over Silver Lake.

The Legend of 1980 was designed to signify the decade of the 70's and I hope when it is looked at in years to come by the class of 1980, that it is a fond remembrance of their high school years.
